SITUATION SUMMARY

Protests (Update)

Cal OES Law Enforcement Branch is actively monitoring statewide protests in response to the decisions by Grand Juries in Ferguson, Missouri and New York City. There were reports of minor protests in Riverside and LA on Saturday but both were handled without significant incidents. In Berkeley, a number of agencies assisted Berkeley Police with a protest that at one time was estimated at nearly 1,000 people, with sub groups breaking off, going to Alameda and other locations, mostly within Berkeley. These groups impeded traffic, hurled rocks and bottles at Law Enforcement personnel, and vandalized and looted some businesses. Alameda County SO, as the Regional Mutual Aid Coordinator, filled requests with a number of local agencies. The crowd finally dispersed shortly before 0300 hrs. The Oakland PD EOC was activated for this incident, and demobilized shortly after 0300 hours. There were numerous arrests of individuals for failure to disperse and for vandalism of local businesses. LDO received no report of injuries to LE personnel. CHP Officers once again assisted in keeping protestors off the freeways and later with crowd control, sending four squads from the Sacramento area. Although not definitive, there is social media chatter about possible additional protests today (Sunday) in the Bay Area. Law Enforcement Branch (LEB) personnel will continue to monitor developments in their respective regions.
